The Immense Outpouring of Democracy at Columbus Yesterday With Many Shining Lights.

A Characteristic Letter from Governor Cleveland Upon the Needs and Necessities of the Times.

Blaine's Hippodroming Combination on the Wing—A Cashier Murdered and Robbed.

A Democratic Field Day.

COLUMBUS, Ohio, Sept. 26.—The state mass meeting of Cleveland and Hendricks clubs brought forty of the organizations to the city yesterday and from 10,000 to 15,000 people. In the afternoon the meeting was presided over by Senator Thurman, who made the introductory speech and remarks on introducing the different persons.

Senator Bayard, of Delaware, made the main speech, on the growth of the democratic party since the war, and the ideas of reform and constitutional government which had been developed with its progress. The other speeches were made by Senator-elect Henry B. Payne, Robert McLean, of Maryland, and ex-Senator Doolittle, of Wisconsin.

Governor Hendricks was given an ovation, but postponed his address until evening.

In the evening a grand street parade was given in connection with an elaborate display of fireworks. Speeches were made from the east front by Governor Hendricks and from four different platforms by Senators Bayard, Pendleton, Payne, Doolittle, and General Mansur, of Missouri; Congressman P. A. Collins, of Boston, John F. Follett, General Darbin Ward and others.

The following letter was read:

EXECUTIVE MANSION,
ALBANY, Sept. 23, 1884.

MY DEAR SIR—I very much regret that the pressure of official duties will prevent my joining you at the meeting to be held in Columbus on the 25th inst. I hope the meeting will be a complete success, and that it will be the means of increasing the enthusiasm already aroused for the cause of good government. I believe that the voters of the country are fully alive to the necessity of installing an administration of public affairs which shall be truly their own, not only because it is the result of their choice, but because its selected instrumentalities are directly from the body of the people and impressed with the people's thoughts and sentiments. They are tired, I think, of a rule so long continued, that has bred and fostered a class standing between them and their political action, and whose interests in affairs end with partisan zeal and the advancement of personal advantage. Let me remind the people that if they seek to make their public servants feel their direct responsibility to them, and be careful of their interests, their objects will not be accomplished by a blind adherence to a party which has grown arrogant with long continued power. Let me impress on the people that the issue involved in the pending canvass is the establishment of a pure and honest administration of their government. Let me show them the way to this and warn them into other paths of irrelevant discussion. With these considerations before them, and with an earnest presentation of our claims to the confidence of the people and of their responsibility, we need not fear the result of their intelligent action. Yours very truly,

GROVER CLEVELAND.

To Allen G. Thurman.

THE PROHIBITIONISTS.

PROVIDENCE, R. I., Sept. 26.—At the prohibition state convention yesterday, twenty-two towns were represented. Hon. Sidney Dean presided. Resolutions were adopted approving the action of the national prohibition convention. They pledged their earnest and hearty support to the national ticket.

THE SAME PROGRAMME.

TOLEDO, Ohio, Sept. 26.—The programme arranged for the reception of Mr. Blaine on Saturday the 27th will be carried out in detail on Monday the 29th, the time for Blaine's arrival at Toledo having been changed to the 30th from later date.

HIS WINDING WAY.

BUFFALO, N. Y., Sept. 26.—Mr. Blaine did not rise this morning until about ten o'clock. After breakfast he received the Ohio delegation, headed by Gov. Foster, which had come to escort him on his way and a smaller one from Chautauque county. He also received many citizens of Buffalo who called to pay their respects. He was loudly cheered as he left the hotel at 12:30 to take the train.

MURDERED FOR MONEY.

ST. LOUIS, Sept. 26.—A special from Chattanooga, Tenn., says that Sam Hays, cashier of the Greenwood Coal company, on the Cincinnati and Southern railroad, was found dead on the rail-

road this morning. His clothes had been rifled and his watch is missing. He was murdered for the purpose of robbery. Two bullet holes were found in his head.

A Pensive With a Corpse.

KINGSTON, Ont., Sept. 26.—At a wake at Verona, a village on the Kingston and Pembroke railroad, recently, several men got drunk and broke down the bed which contained the corpse and afterwards endeavored to force liquor down the throat of the dead body. Failing in this they threw the corpse over and then departed.

Fires.

PROVIDENCE, R. I., Sept. 26.—The Newport omnibus stable burned this morning. Six horses and a large number of vehicles were burned. Loss, \$16,000. Insured.

A SEWER SENSATION.

Indignant Residents of the Sixth Ward Stop the Construction of the Webster Street Sewer and Make Grave Charges Against Councilman Boltz.

This morning James Sion Smith, Emory Glass, Thomas A. Hearn, Frederick Fisher, Daniel Dick, Daniel Hamilton, Frank Doeber and Fred Baritt filed a bond and begun proceedings in the circuit court to enjoin the city of Fort Wayne, Joseph Deheime, Thomas J. McCroen and Fred C. Boltz from constructing a crock sewer on streets adjoining their property. The complainants allege that the sewer pursues the wrong course; that it is being poorly constructed, and further that Fred C. Boltz, a member of the common council, is a party to the contract and pecuniarily interested in said work, all of which he cannot do under his oath as a councilman. The complaint is sworn to by the parties named and after hearing the matter fully Judge Edward O'Rourke granted the following order: "It is therefore ordered by the court that said defendants and each of them be and they are hereby temporarily restrained and enjoined from proceeding further in any manner from constructing said sewer on Highland avenue in the city of Fort Wayne, Allen county, Indiana, until and during the 29th day of September, 1884, and until the further order of the court, with leave to the defendants to move to dissolve the same at any time on appearing to this court."

All the parties to the suit have been served except McCroen who is out of the city and whose interest Mr. Boltz purchased. The suit will attract great attention and resembles somewhat the famous Clinton street bridge case.

BUTLER AND BOYLE.

The Lives of Two Murderers Hang on Very Slender Threads and Violations of the Gallows Disturb Them.

Billy Boyle is to hang next Wednesday unless the supreme court interposes, and ten days later Charley Butler will drop from the same scaffold at Columbus City, if the same tribunal does not raise its majestic arm. Hon. J. H. Booth, of Columbus, Ohio, was at Columbus City this week and ordered a transcript of the proceedings in the celebrated Butler case, for the supreme court, leaving out the depositions. The clerk has seven hands working on the transcript and will have it ready by the first of October which will leave the supreme court ten days to examine and pass upon the case before the time set for the execution. The court may decide the matter within the ten days and allow the execution to take place, or grant a new trial, but it is not likely to do either within that short space of time. It is most likely the court will order a stay of execution until it can take time to thoroughly examine the case, and in that event a transcript of all the evidence will be ordered and the case prolonged for at least some months. The supreme court may not wait for Mr. Booth, and then Charley will find a vacancy under his feet the afternoon of October 10th. The SENTINEL will send a special representative to the execution.

HOLD BUT REGULARLY.

Local Crooks Raid Shuman's Second Hand Store and Three Adjoining Liquor Houses—The Fellows Make a Slim haul.

The artistic local crooks got in their work last night and tapped the back doors of East Main street houses quite promiscuously. First they broke into Frank Urbine's saloon and put \$2.50 into their wallet. They helped themselves to liquor and cigars. Through a back door they entered Herman Neiter's house of call and took small change from the cash drawer. They cut a cheese hero and washed it down with his best wine. Next they made a pleasant call on Peter Schultz and helped themselves to everything desirable behind his bar, but got little cash. The boldest break they made was into Ernest Shuman's second hand store. They pried a side door completely out of shape with a chisel and ransacked the house. From the show case they took three watches, a small amount of money and other articles of value. His valuable guns were tied together by the thieves, but they evidently were afraid to venture out with them as Mr. Shuman found them near the door.

The Revolution Over.

PANAMA, Sept. 17.—Advices from Lima state that the revolution is apparently drawing to a close. Ill-success attended General Caceres' attack on Lima which served to dampen the ardor of the revolutionists and strengthen the Inglesian government. The number killed on that occasion was only about 150 on both sides. A great moral effect was caused throughout the country by the government's success of Signor Pizarro. The Italian consul had his patent withdrawn for sympathizing with the revolutionary party. This is the second case of the kind. Caceres at present is a fugitive flying from place to place but he is still doing all in his power to injure the established government. All his officers captured will be tried by a court martial. The condition of affairs throughout the republic seems to be regaining their normal stand point.

The great question represented in Chili is the definition of the relations between the state and church. There has been a good deal of discussion on the subject in congress, but liberal ideas seem to prevail and a complete separation of the government and the church seems probable. The chamber of deputies approved the arrangement by arbitration as the claims of the German and Belgium subjects arising from the late South Pacific war. Peace is apparently restored.

Failures.

ST. LOUIS, Sept. 26.—The St. Louis Malleable Iron company assigned this morning to John T. Davis. H. M. Filley is president of the company and B. G. Farran, secretary. The schedule of assets shows \$111,000. No statement of liabilities is yet made.

FOR THE WEEK.

NEW YORK, Sept. 26.—The failures for the past seven days, as reported to R. G. Dunn & Co., are: For the United States, 187; for Canada, 26; or a total of 213 as against a total of 218 last week, showing a slight decrease. The failures are still numerous in the Pacific states, Canada and New York city. Other sections of the country are rather below the average.

ST. LOUIS, Sept. 26.—Simmons & Sewell, millers, of Verdun, Ill., have assigned. Liabilities, \$26,000; assets estimated at \$16,000.

An Indiana Wonder.

MUNCIE, Ind., Sept. 26.—By an explosion of a gun in April last an iron breech pin, an inch and a half long and weighing 615 grains, was blown into the brain of Emerson McCollm, of this city. Several pieces of his felt hat were withdrawn from quite a distance in his head and without trepanning the opening in the frontal bone through which half a teaspoonful of brains oozed. The wound healed and the patient has been dismissed. He experiences no inconvenience except from the heat and rays of the sun and feels as well as ever. The case is considered one of the most remarkable on record and a portrait of McCollm has just been completed for publication in medical journals.

Death of John W. Garrett.

DEER PARK, Md., Sept. 26.—John W. Garrett, president of the Baltimore and Ohio railway company, died here at 5:25 this morning, after a protracted illness, in his fifty-sixth year. He was a native of Baltimore and received his education at Lafayette college, Pennsylvania. When nineteen years of age he returned to Baltimore and entered the counting house of his father, where he remained until he was elected a director of the Baltimore and Ohio railway company in 1857. During the year following he was elected its president and from that time the success of the road seemed assured.

Did Not Find the Burglar.

PITTSFIELD, Mass., Sept. 26.—Franco Kermelach, president of the Belliere manufacturing company, and a wealthy and prominent citizen, was roused from his slumber at two o'clock this morning by the barking of his dogs. Believing burglars to be about the premises he seized a revolver and started for the lower part of the house. On his way he stumbled, his revolver was discharged and the bullet entered his right side, passing through his body. It is thought he cannot recover.

The Cholera.

MADRID, Sept. 26.—During the past

twenty-four hours there has been a total of eight fresh cases of cholera and seven deaths in the provinces of Barcelona and Alicante.

A Stranger Weary of Life.

EVANSVILLE, Sept. 26.—A stranger about twenty-five or thirty years old, suicided at the Evansville and Terre Haute depot here this morning. There was nothing about him to indicate his name or residence. It is thought he came from Louisville. He was six feet high, light brown hair, is blind in left eye (the eye is out), had a ring on the finger with the name "Emma" on the inside; had a silver Elgin watch in his pocket; dark pants and black coat and vest. The coroner has the body.

FAIR NOTES.

The race track is in elegant shape and the grounds are as clean as a silver piece. A hundred horses will be here Sunday and some lively trotting will be seen on the race track Sunday morning.

Joseph A. M. Storm and Morgau & Beach are putting up neat pavilions to display agricultural implements.

A new feature of the races here next week is a neat copyrighted program. W. W. Rockhill, secretary of the fair association, has secured W. M. Flynn, the official program of the United States, to come here and furnish his color score card program and provide all drivers and riders with elegant silk and satin jackets and caps to correspond with the colors on the program, making it very convenient for the spectators and judges to distinguish each horse as they come under the wire. This will be the only program allowed on the grounds. Mr. Flynn is from the office of the *Turf, Field and Farm*, New York City.

There will be a telephone at the fair grounds.

Fifty police will be detailed to preserve order at the grounds.

No liquor will be sold on the fair grounds and the ladies will not be annoyed by drunken rowdies.

At least ten horses will trot in each race during the fair. The best horses in the country will be here, because turf men know that the association is good for every dollar they offer in premiums.

J. H. Bass will exhibit his fine stable of Clydesdale horses at the fair.

THE COURT HOUSE.

Phillip Mortz has sued Thomas J. Jones, in the circuit court, for \$200.

The Excelsior Varnish company has sued A. J. Taylor, of Sheldon, for \$100 in the circuit court.

James B. Kenner has sued John W. West, in the superior court on notes.

Emma C. Emery was yesterday granted a divorce from John C. Emery, by Judge Edward O'Rourke.

The commissioners will be in session to-morrow for the purpose of examining bridges completed.

No city transfers were recorded from Wednesday noon until about the same hour to-day.

James D. Madden, a native of Ireland, and Stephan Shallenburger, a former citizen of Germany, have become citizens of the United States.

The attorneys in the Richards case this afternoon continued the arguments for a new trial before Judge Sinclair. The question will not be decided for a few days as the attorneys for the defense expect to show that new evidence can be produced that will prove Richards did not murder Backesto.

The goods of Louis Vordermark, attached yesterday, will be appraised and sold by the sheriff to satisfy a claim of Frank Hake. Mr. Vordermark is in Florida.

Charlotte Hess has appealed her replevin case against Oscar Nestle.

The case against John Hoover, for stealing a watch, was dismissed to-day in the criminal court.

Emma Miner has applied for a divorce from Burdick Miner, on the grounds of cruelty. Last week her husband choked and beat her. J. R. Bittinger is her attorney.

The funeral of George Thieme occurred this afternoon and was the largest held in this city for years. The fire department, city officers, members of the council, the marshals and police were in the cortege, besides hundreds of carriages. The city band led the solemn procession.

It was not so much the insults that drove Lake away as the very poor financial prospects that loomed up.

A drunken individual, who would not give his name, was arrested yesterday for stealing a pair of shoes from the store of C. Schiefer. Mr. Schiefer has lost a dozen pair of shoes in the past month and proposes to stop the business.

People throughout the city strongly object to the council ordering a lot of new sidewalks to be laid this fall. Many people are out of employment and seem to think it will hurt them hard enough to buy bread, let alone paying for expensive brick sidewalks in front of their houses. A party of shopmen called on Councilman Hamilton and he will protest on their behalf.

Harper's Weekly and Puck are displayed by news dealers and caricature the Mulligan statesman keenly. Puck has Blaine standing in the midst of a party of thieving bank presidents and cashiers who want vindication with Blaine, while Naut in Harper's Weekly has Blaine communing with Boss Tweed, who tearfully mourns that he was not "vindicated" by the democrats like Blaine is by republicans.

The concert of "War Songs" at the Baptist church last evening was in every respect a splendid success. The singing was most excellent and, from the nature of the songs, very spirited. Mrs. Charles Hoyt, of Michigan, sister of Rev. S. A. Northrop, sang in most excellent style "Maid of Dunelm" to the great delight of the audience. Financially the concert and social was a success also, nearly \$100 being the receipts.

The Grand Rapids and Indiana railroad will give a hand lookers' excursion to Elmhurst, near Petoskey, October 6, tickets good to return until October 18, with one fare for round trip. This is to encourage emigration into that part of the country, which is fast being settled and is the place at which DeWitt C. Underwood has established quite a town.

The Kendallville News says: "A vote taken on a Grand Rapids train by P. S. O'Rourke, of Fort Wayne, a few days ago, to see how the passengers, who resided in this congressional district, stood for congressman, resulted as follows: Lowry, 88; Keator, 2. Now, remember, no one was allowed to vote unless they were residents of the Twelfth district of Indiana."

Last evening a laborer named Charles Wurtz, living on Walton avenue near Summit street, went to the cupboard for a cup of tea. He swallowed by mistake a draught of diluted carbolic acid his wife kept to kill rats. He roared with pain for the acid burned his throat and stomach. Dr. Younge administered agencies to neutralize the poison and removed the sick man to his laboratory on East Jefferson street. Wurtz is better but believes he swallowed a cross cut saw.

Enoch Cox, a gentleman recently from Pennsylvania, spoke at a school house in Maumee township the other night. The orator entered the room leaning on the voluptuous arm of Sheriff Schiefer. Soon a frown settled upon his face and a dark cloud hovered over the gang from the city as the following inscription on the blackboard met their gaze: "You may break, you may shatter the air if you will, but the scent of Mr. Mulligan will cling to Blaine still." It is unnecessary to say that Mr. Cox was crushed.

Rt. Rev. Bishop Dwenger and the Catholic clergy of this city leave next Monday for Notre Dame, where all the clergy of the diocese of Fort Wayne will assemble for their biennial retreat. A series of spiritual exercises, continuing a full week, will be conducted by the Rev. Father Wayrich, C. S. S. R., of New York City. There will be some sixty-five or seventy clergymen present. The Rev. Fathers Roche, at Academy, and Ellering, of Warsaw, will be in attendance at the Cathedral and Rev. Father Benziger of the St. Mary's church during the absence of the resident clergy.

The particulars of a spicy bastardy case came to us from Lafayette township, this county. Matilda Cheney, a country lass, loved Ed. Kilpatrick, too passionately and now wants him to marry her. She instituted suit before Squire Mills, but later a change of venue was taken to Justice Simonton, of Zanesville, before whom the matter will be aired Monday. Kilpatrick, the defendant, is an adopted son of Henry Bowman, a wealthy farmer of Lafayette township. J. M. Robinson, a brilliant young attorney, appears for Miss Cheney and Huntington attorneys appear for Kilpatrick.

To-morrow night there will be a monster demonstration at the four corners of Butler and Jackson townships, DeKalb county, and Perry and Cedar Creek townships, this county. Hon. Dave Moody, of DeKalb, and W. H. Shambaugh and Al Friend, of this city, will speak.

Oliver T. Morton addressed a few republicans at the Academy of Music last night. Mr. Morton travels about on the strength of his father's fame, but the young man knows little about politics and nothing about tariff, on which he assumes to speak learnedly. He should be sent home and given a clerical position that requires a little attention. Oliver is a dude.

Opposition is what it wants. That will make it solid; we mean Dr. Bull's Cough Syrup. It has entered the lists and come out far ahead. In the ranks of legitimate household remedies for the cure of coughs and colds, Dr. Bull's Cough Syrup stands first. Price, 25 cents.

A "Hot" Card.

An unscrupulous opposition is trying to create the impression that owing to our immense sale of "slightly smoked" clothing the past few weeks, we have no more bargains left.

We assure the public that we have a stock on hand valued at over \$40,000.00, all of it but slightly damaged, which we are selling rapidly, at prices that astonish other dealers as well as our patrons. Among the many "crushers" for to-morrow, the following are worthy of your notice:

500 Boys overcoats, (smoked buttonholes) worth \$6.00, at \$3.00.
1,000 Mens overcoats, (smoked buttonholes) worth \$7.00, at \$3.50.
1,000 Mens overcoats, (smoked buttonholes), worth \$10.00, at \$6.00.
1,000 Jeans pants, (smoked buttonholes), worth \$1.50, at 75 cts.
All wool Cocchineal red shirts and drawers, (smoked buttonholes), worth \$1.25, at 75 cts.

A car load of shirts and drawers, (smoked buttonholes), worth 75 cts., at 50 cts.
Boys suits, (smoked buttonholes), worth \$10.00, at \$6.00.

Well, we can't begin to tell you what we have, and at what low prices they are selling for, come in, don't delay. During these hard times we can offer you practical benefits. Remember our stock is complete in every department.

SAM, PETE & MAX.

If Boyle gets a new trial he will be tried before the expiration of the criminal court.

All weakness and ill health owes its origin to an impure state of the blood and weakness of the urinary and digestive organs. A medicine that will strengthen these organs, and at the same time purify the blood, will assist nature in curing nearly every disease, that human flesh and blood is heir to. Such a remedy is Dr. Guy's Yellow Dock and Sarsaparilla, and, although it possesses no cathartic or diuretic effect, its use will soon establish a regular habit of body as well as cure weakness of the kidneys, indicated by urinary sediments, nervousness, etc.

Everybody's Harvest.

Pierre's Fair, 60, Calhoun street, have opened the fall season with the most complete line of fall and winter goods in the city, they are therefore now prepared to show to the public the choicest and best goods for the least money. It is impossible to give full details of the many bargains they are offering in their lines of dry goods, notions and millinery; but we can safely state that one visit to their establishment and an examination of prices will convince the most sanguine that their prices are the lowest. Their millinery department, as everybody knows, is the most popular in the city. And as they are receiving daily new goods, their stock is always alive with the latest novelties. Together with these advantages for every fifty cents worth purchased you receive a free ticket on the plush parlor suit to be given away at PIERRE'S FAIR, 60 Calhoun Street.

MAINE HEARD FROM!

The Maine question is now answered as to the most durable shoe for children. The "little ones" take about twenty steps to an adult one. It is no surprise that the restless feet soon kick their way out.

Parents are in constant trouble about how to keep their children's feet neatly clad, unless they belong to the happy throng who turn these cares over to W. H. Fleming who always carries a large stock in a specialty for children that is neat, and very durable, in button or lace, light or heavy, heel or no heel. A Popular Fallacy.
Many people think that rheumatism
cannot be cured. It is caused by a bad
state of the blood which deposits poison-
ous matter in the joints and muscles
causing lameness, stiffness and swelling
of the joints and excruciating pains.

Kidney-Wort will effect a cure. It acts
on the Kidneys, Liver and Bowels, stim-
ulating them to a healthy action, purifies
and enriches the blood and eliminates the
poison from the system. Go to the
nearest druggist, buy Kidney-Wort and
be cured.

True Merit Alone
has given Alcock's Porous Plasters the
largest sale of any external remedy in the
world. If you have been using other
kinds of plasters, one trial of "Alcock's"
will convince you of their wonderful su-
periority.

66 Broadway, Room 62,
New York, March 2, 1883.
Having been cured of a severe attack
of rheumatism of the neck and shoulders
by Alcock's Porous Plasters, I feel it my
duty to strongly commend their use to
any one similarly afflicted. For a period
of several months I had exhausted many
other so-called remedies without obtain-
ing the slightest relief. Finally I applied
one of Alcock's Porous Plasters, and
found myself almost immediately cured.
I consider them a true blessing.

Faithfully yours,
JAMES R. HOSMER.
